TRUTH STRANGER THAN FICTION...
MAIL BAG OF MADNESS!
COULD WE MAKE THIS UP? WHO HAS THAT MUCH IMAGINATION?

INFLATION IS WHIPPED! GAS PRICES DOWN!
EASTER BUNNY & SANTA CLAUS SPOTTED ON
MAIN STREET!

How are you enjoying the non-recession? What do you think of the non-war in Europe? Have you heard about the non-raid on the 45th President’s house? At least this non-winter weather remains warm...

Gosh! Suddenly, things are getting better! They tell us inflation is down! Gas prices are down, so they say. Those unbiased, helpful, informative TV Experts® are telling us so! And here’s proof:

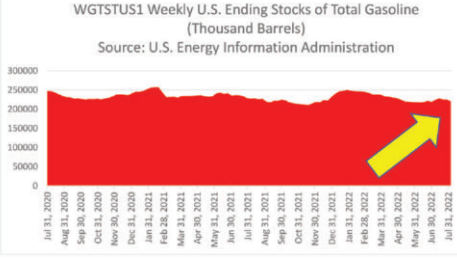

But wait a minute! TV Experts say “Gas Prices Are Coming Down!” Here’s proof from the U.S. Energy Information Administration (Your Tax Dollars At Work):

See over there by the big red arrow? Gas prices coming down! Still the highest in 25 years, except for the last couple of months... Buy hey! Whaddaya want? Eggs in yer beer? Stop complaining, you complainer!

Would you like to know more? Would you like to know why gas prices are coming down? Perhaps it is the wise and beneficent policies of our Great Helmsman in D.C. Calmly guiding the ship of state from danger to safety. Sure, that could be it.

Maybe you might want to think about considering some other numbers from the U.S. Energy Information Agency.

Remember July and August of 2020? Global pandemic? Surely you remember the virus that definitely did not come from a country that shall not be named. Ringing any bells? Well, there was this wholly natural pandemic, not a bioweapon at all, with no funding whatsoever from Dr. Fauci. To selfishly satisfy their grandiose delusions stop the spread, follow the science, and be good people, American popinjays desperately seized sweeping dictatorial powers public servants reluctantly assumed limited emergency measures. Which tanked the most successful economy in world history. Millions of newly working Americans were thrown under the bus. Economic growth ground to a halt. People stopped driving.

And yet, during this horrible time in 2020,

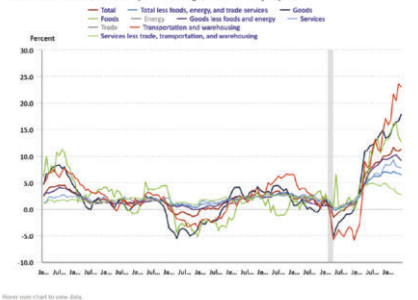

Americans demanded and used more gasoline than in July and August of 2022. That’s what the gummint’s own numbers say. What does it mean?

Perhaps it means that there is even less economic activity now than during the height of the mysterious killer flu. When demand goes away and supply remains, prices go down. Our Dear Leader in D.C. has flooded trillions of Monopoly Money™ dollars into the economy. Other Really Smart Folks in D.C. just voted hundreds of billions more phony baloney bucks in giveaways.

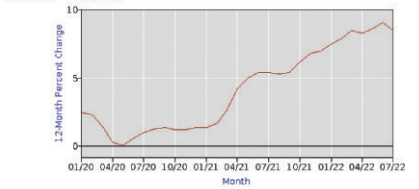

It is bad enough to pump up inflation with fake currency. Inflation is demoralizing. Inflation robs the middle class of our desire to build and save. But this evil legislation also kicks the legs out of anyone trying to build their own business without being an employee. It kills the American Dream, then mutilates the body. Awful.

BUT DIDN’T INFLATION GO AWAY?

Nope. Producer Price Index shows that soul-robbing, wallet-snatching, budget-busting inflation will be with us for quite a while.

But surely the Consumer Price Index tells a different tale? Not according to the Bureau of Labor Statistics.

Despite all the crowing about gas prices and slow down in the rate of increase of inflation, the bitter truth is that our Great Helmsman and his merry band of pirates has flung the ship of state on the rocks! Terrible.

Can you rely on Washington to fix what it has broken? Are the Washington politicians looking out for you? If the government can smash and grab its way into the homes of retired politicians, and seize property from currently serving elected officials, what hope is there for you? Unless you shut up and knuckle under... Is this the America where you grew up? Is this the America you thought you were living in? Me neither.

The way out. Perseverance in basic virtues: compassion, honesty, caring, friendship, personal accountability. Maybe these simple things can be the foundation stones, as they have in the past, for a new birth of freedom. How can we refuse our duty, our responsibility?

EVEN A BLIND SQUIRREL FINDS A FEW NUTS...
JUSTICE FOR CAMP LEJEUNE MARINES, STAFF, TRAINEES
CONGRESS DOES SOMETHING RIGHT FOR A CHANGE!

It is the late 1950s. World War II has turned into the Cold War. America decided that there are worse things than maintaining military readiness in peacetime. A national commitment to Peace Through Strength. And in North Carolina, the U.S. Marine Corps operates Base Camp Lejeune. USMC Base Camp Lejeune has a long and storied history.

USMC Base Camp Lejeune also had a dry-cleaning and laundry facility. Over the course of decades, dry cleaning chemicals were simply flushed down the drain. Into the groundwater. Into the wells that provided drinking water for the Marines, their families, the folks who worked at the Camp, the student marines and soldiers who rotated through the Camp for training.

Not surprisingly, folks began to get sick. From a laundrylist of potential diseases, relating back to the Volatile Organic Compounds in the dry cleaning chemicals.

You may be surprised, however, to learn that the Congress has chosen to do something to fix it. Ten years ago, the Veterans Administration began offering medical care to surviving Camp Lejeune veterans for certain conditions. But Marines, soldiers, and sailors could not get compensation for their injuries or suffering. Now they can. The recent Camp Lejeune Justice Act provides significant monetary compensation.

Contaminated drinking water flowed from Camp Lejeune from 1953 through 1987. Primary victims are mostly older now. Time has run out for many, but not for you.

You seen the TV ads. Heard them on the radio. Read the newspaper and magazine ads. Maybe you wondered whether it was real. Maybe you wanted the full story.

So many injured veterans called, that we had to investigate and respond. Would you like to know more? Call me. 1-800-317-2812.

TRADITIONAL TRUST PLANNING IS PROFOUNDLY MISTAKEN
WHY DO THEY BANK ON DEATH?
WILLFUL IGNORANCE OR INTENTIONAL SCAM? WHY NOT BOTH?

Traditional estate planning supposedly avoids probate, saves taxes, and safely, efficiently delivers your remaining property and money to your heirs or beneficiaries. After you have passed on. Traditional estate planning is not concerned with you while living, only after death. Nobody cares what happens to you while you are alive. How does that help you?

Traditional estate planning fails because the overwhelming majority of us will need long-term skilled care. 70% of us. For an average of 3 years. And we will go broke paying for it.

Are you surprised that thousands of recreation properties: cottages, cabins, hunting land, are lost to pay for long-term care? Why is your estate planner surprised? Isn’t that their job? Or is your estate planner in denial?

You can defeat Nursing Home Poverty. LifePlanning™ empowers you. Keep your stuff. Get the care you have already paid for. Good for you. Good for your family. Good example for society.

When my mother suffered from the dementia which led to her death, over 10 years ago, their estate plan preserved their lifesavings. Mom’s months in the nursing home did not mean Dad’s impoverishment. Dad spent the last years with security and peace of mind.

Is NOW A BAD TIME FOR A REAL SOLUTION?

Perhaps you think you already have an answer to this problem. Maybe you do not see this as a problem at all. It is possible that you do not believe in the passage of time or its effects on you.

Peace of mind and financial security are waiting for everyone who practices LifePlanning™. You know that peace only begins with financial security. Are legal documents the most important? Is avoiding probate the best you can do for yourself or your loved ones? Is family about inheritance? Or are these things only significant to support the foundation of your family?

Do you think finding the best care is easy? Do you want to get lost in the overwhelming flood of

claims and promises? Or would you like straight answers?

Well, here you are. Now you know. No excuses. Get the information, insight, inspiration. It is your turn. Ignore the message? Invite poverty? Or get the freely offered information. To make wise decisions. For you. For your loved ones.

The LifePlan™ Workshop has been the first step on the path to security and peace for thousands of families. Why not your family?

NO POVERTY. NO CHARITY. NO WASTE.

It is not chance. It is choice. Your choice.
