FORMER ELECTED OFFICIAL STEALS SUPER-DUPER DOUBLE-SECRET SECRETS

ELLIOT NESS AND THE UNTOUCHABLES' FINEST HOUR

SCIENTIST OF THE U.S. (SOTUS) DEMONSTRATES SPACE ALIEN TECHNOLOGY

UNTOUCHABLES RUMMAGE UNMENTIONABLES
FORMER ELECTED OFFICIAL'S CRIME WAVE THWARTED
Federal Crime Busters swooped in on scoff-law Former Elected Official's hideaway lair in daring dawn raid. Echoing the finest traditions of Elliot Ness, Efraim Zimbalist, Jr., and the Lone Ranger, not to mention Batman, dozens of heavily armed federal officers secured the criminal mastermind's hidey-hole and ransacked the joint. A treasure trove of evidence, including cocktail napkin notes, menus, current and expired passports was secured.

The true motherlode, however, was only discovered by scouring the

"unmentionables" drawer of the Former Elected Official's wife. That's where Top Secret/Sensitive Compartmented Information from Area 51 was discovered. Space Alien technology that promises to revolutionize the bicycling world.

Everyone knows that bicycles are nearly impossible to control. Falling off a stationary bicycle is the third leading cause of trauma and death in the United States. Bicycles, or "bikes" as some say, are truly the devil's handiwork. Each family has its own tragic story of bicycle devastation. And yet, from Area 51 UFO Space Alien Research, an answer was found. A way to balance on that machine of death and disfigurement, the bicycle.

Retrieving this key bicycle-balance technology was essential to our homeland's national security. No other reason could possibly justify abusing historical norms of decency or the victims' Constitutional rights. Otherwise, the paper-thin flimflam excuses proffered by Government Agents for such an unprecedented paramilitary assault on a Former Elected Official's unoccupied residence are not only ludicrous, they are also imbecile.

Our faith, however, has been justified. The Super-Secret Bicycle Technology

has been recovered and demonstrated by the Scientist of the United States, or SOTUS, as some say.

Here is the photographic proof:

First, a typical civilian encounter with a bicycle. Observe that the evil bike need not be moving to inflict harm. Keenly aware of the lurking malice, SOTUS wears an elaborate helmet and hi-tech handwear. He is surrounded by sycophants to sing of his savoir faire. Alas, the bloody bicycle manages to send him "keister over tea kettle" to the dismay of his disciples. Huzzah! SOTUS survived.

Next, observe the consequences of employing Double-Secret Probation Classified Intelligence Space Alien Bicycle-Balance Technology retrieved from the greedy clutches of the Former Elected Official:

scientific sojourn. As you can see, we shall be free from those bulky, ridiculous egg crates perched on our heads! Hand protection will also be a thing of the past. The bicycle's Reign of Terror is over!

The lesson of course is obvious. If Government Agents approve of your politics and do not threaten the Swamp, you can destroy evidence, run the State Department on a compromised homebrew computer to avoid the Freedom of Information Act, smoke crack on camera, make dirty deals with foreign powers to kick back millions to your politician father, and basically do whatever you like. Without consequence. But if you try to selfishly hide Super-Secret Bicycle Balance Technology from Space Aliens in Area 51 from the American People, your so-called Constitutional Rights will be trampled. And your spouse will probably need a whole new unmentionable collection.

WHAT YOU DID NOT KNOW ABOUT THE INFLATION REDUCTION ACT

\$750 BILLION IS HI-TEST GASOLINE ON THE INFLATION BONFIRE

DELIBERATE MURDER OF MILLIONS OF SMALL BUSINESSES

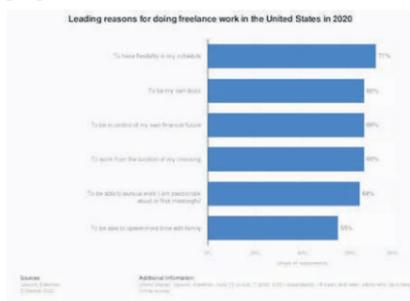

INFLATION IS BAKED IN THE CAKE – YOU KNEW THAT
DESTRUCTION OF 60 MILLION INDEPENDENT
CONTRACTOR BUSINESSES—SEE THAT COMING?

America dodged a several trillion-dollar bullet when the Build Back Better plan was rejected. Did rampant inflation caused by trillions in spending already approved by Congress play a role? We can only hope. Now we have the IRA, which everyone agrees will do nothing to reduce inflation. Seven hundred fifty billion of new spending. For a football stadium full of IRS agents. Enforcing new rules that they are pretending are the old rules. But they are not.

Government does not like independent contractors, freelancers, small businesses, gig workers, or others who do not operate within highly regulated industry structures. Nontraditional workers are too hard to find, tax, and regulate. Everything a bureaucrat hates.

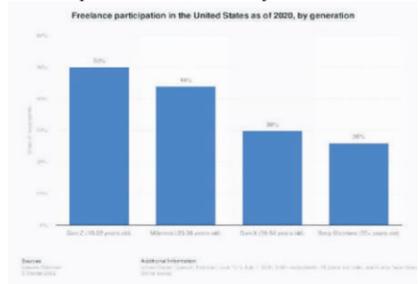

Independent workers, who are small businesses

unto themselves, are about 35% of American workers, in whole or part. That's about 60 million Americans. Sixty million small businesses. And that is about to change. Why do you think they want another 87,000 IRS agents? To go after rich people? Ho ho ho. And hah!

Americans like working independently. Especially younger Americans. For flexibility. To be your own boss. Other good, American-type reasons.

And if you are worried about the younger generation... and who isn't? You might find some hope in the fact that they seem even more

dedicated to personal responsibility in their employment.

It is too soon to tell how bad all this will be. But it will be bad. Very bad. Just look at California which implemented this scheme in 2020. Why is the supply chain so screwed up? Could whacking 70,000 owner/operator truckers with new taxes, fees, and regulations by reclassifying them as employees rather than independent businesses have some effect? Millions more are suffering. From yoga instructors to hairdressers. Entrepreneurs who rent space for their business are now employees.

The American Dream is under assault as never before. From inflation to stifling regulation, to inviting low-cost labor competition by abandoning our borders. Middle class Americans must fight back. Your children want the independence of their own business. We must work together to keep that dream a reality.

WHAT IS THAT SIZZLING SOUND?

VAPORIZED LIKE A SNOWFLAKE ON A HOT GRIDDLE

IT IS YOUR LIFESAVINGS IMPLoding AT \$12,000 PER MONTH

Traditional estate planning is concerned with avoiding probate, saving taxes, and dumping your leftover stuff on your beneficiaries. After you die. Nobody cares what happens to you while you are alive. How does that help anyone? Stupid.

Traditional estate planning fails because the overwhelming majority of us will need long-term skilled care. 70% of us. For an average of 3 years. And we will go broke paying for it.

Is it surprising that thousands of recreation properties: cottages, cabins, hunting land, are lost to pay for long-term care? Why is your estate planner hurting you and your family? It is evil intent? Or stupidity?

LifePlanning™ defeats Nursing Home Poverty. Keep your stuff. Get the care you have already paid for. Good for you. Good for your family. Good example for society,

When my mother suffered from the dementia which led to her death, over 10 years ago, their estate plan preserved their lifesavings. Mom's months in the nursing home did not mean Dad's impoverishment. Dad spent the last years with security and peace of mind.

IS NOW A BAD TIME FOR A REAL SOLUTION?
Perhaps you think you already have an answer to this problem. Maybe you do not see this as a problem at all. It is possible that you do not believe in the passage of time or its effects on you.

Peace of mind and financial security are waiting for everyone who practices LifePlanning™. You know that peace only begins with financial security. Are legal documents the most important? Is avoiding probate the best you can do for yourself or your loved ones? Is family about inheritance? Or are these things only significant to support the foundation of your family?

Do you think finding the best care is easy? Do you want to get lost in the overwhelming flood of claims and promises? Or would you like straight answers?

Well, here you are. Now you know. No excuses. Get the information, insight,

inspiration. It is your turn. Ignore the message? Invite poverty? Or get the freely offered information. To make wise decisions. For you. For your loved ones.

The LifePlan™ Workshop has been the first step on the path to security and peace for thousands of families. Why not your family?

NO POVERTY. NO CHARITY. NO WASTE.

It is not chance. It is choice. Your choice.
